

Secure. Timely. Predictable.

NEW! Enroll in Payments to streamline the accounts receivable process for RepairLinkSM orders.

Payments provides a safe, quick, cost-effective, and simplified solution. Enroll to experience **low fees, automatic refunds for returned parts**, and the **ability for dealerships to charge a restocking fee** — all through the RepairLink platform and its network of 77,500+ buyers that use the platform to order parts 24/7.

Payments Helps Dealers:

Increase dealership profitability

- Reduced costs on MSO payouts compared to credit card payments
- Low fees and no onboarding charge

Streamline orders

- Improve ordering, payment, and reconciliation process, reducing manual payment collection
- Reduced cycle time on receivables
- **COMING SOON!** User will be able to process credit card transactions through OEC

Experience greater parts sales

- Dealers using RepairLink expand their buyer network and increase online orders
- Help customers address payment during procurement process (credit card or MSO with consolidated payments)

Create more sales conversions

- Reduce abandoned or deleted shopping carts by making it easier to buy parts

Why RepairLink

RepairLink connects dealerships with the largest network of shops & buyers in the industry, making it easy to process online OEM parts orders. Backed by 13+ OEM parts programs, RepairLink helps dealers sell OEM parts at prices competitive with the aftermarket with the benefit of reimbursements on select parts.

Enroll your dealership in **Payments** as a merchant in the RepairLink portal today.
Not a RepairLink dealership? Call **888-776-5792, Option 2** to get set up!
